IMPACT STUDY REPORT for REMEDIAL CLASSES

2011-2012

The objectives of the Remedial Programme are to develop in students:

- The ability to comprehend reading material and apply information to the solution of complex problems
- The ability to understand technology as problem solving tools
- The ability to work effectively in teams
- To improve slow learners by providing additional inputs

The remedial classes are conducted for the selected students and the impact of these classes is tabulated as follows.

REMEDIAL IMPACT STUDY REPORT				
Paper Title	No. of classes Conducted	No. of Students attended	No. of students improved	Percentage of Improvement
FIT	5	50	47	94
JAVA	5	47	43	91
MDBMS	5	70	66	94
WEBTECH	5	65	62	95
E-Commerce	5	12	12	100
